Great. I'm putting together a quality assurance plan for this work. Can I include you as a principle investigator?

Hi Amy:

Hope you're well. We're still targeting August 4 and 5 (if needed) to conduct sampling in Hooksett Pool.  
Are you still available?

Eric

I forgot we were holding that week, and scheduled vacation. I will have a staff biologist and my intern take my place. I am free that first week of August.

Hi Amy:

Just got this message from Hilary. Hope you still have some free time during the last week of July.  
Please confirm. Thanks.  
Eric

Hi Eric,

Just an FYI that we are in good shape for the "clam dive" towards the end of July. I have the last week of July set aside and should have some weather dates available in early August, just in case.

Have a great weekend!

Hilary
